

Get Start with EMTP-RV and Insulation Coordination Studies

27 – 30 March, 2018
Shangri-La Hotel, Kuala Lumpur

Each participant is provided a computer with EMTP software. The temporary licenses will be provided for the duration of the course to experiment real cases guided by the instructors.

Course objective: (27-28, March 2018)

The objective of this training is to give to beginner participants a good first hands-on experience on EMTP-RV and an overview of the EMTP-RV capabilities.

The training is based on the usage of EMTP-RV for demonstrating concepts and teaching through practical problem cases.

- Manage the GUI.
- Choose the configuration (models, equipments) suited to the type of simulation to run.
- Identify and solve simulation failures.
- Analyze simulation results.

Course objective: (29-30, March 2018)

The objective of this Insulation Coordination Studies with EMTP-RV, course is to give to participants a good knowledge of insulation coordination studies. Participants will learn the theory and principles of Insulation Coordination studies, modeling techniques and how to use EMTP-RV models. Moreover, they will learn how to manage a whole Insulation Coordination study based on the IEC 60071.

Requested technical background:

Participants should possess a background in three-phase electric power system fundamentals, application, and practice and should be comfortable with the Microsoft Windows PC environment

Intended audience:

The course is of interest for newcomers, users of the software and also for those who want to improve their skills in the fields of insulation coordination.

- Professionals from Power Transmission
- Distribution and Production companies
- Professional engineers and Engineering professionals
- Consultant
- Research personnel in industry, utilities, universities and consulting companies involved in power systems studies
- Post-graduated students.
- People interested in electromagnetic transient studies

Hotel: Shangri-La Hotel, Kuala Lumpur (Tentatively)

All travel and hotel arrangements are the responsibility of the attendee.

Date: 27 - 30 March, 2018

Time: 09:00 a.m. – 5.00 p.m.
