

ETAP Power System Analysis Workshop

22 – 24, February 2022

ETAP Learning Center

This is a practical 3 days session to learn the basic on one line diagram creation, data entry, and quick expands the user' know to include methods to automatically perform multiple 'what if' studies using multiple scenarios. This workshop includes Load Flow, Short-Circuit, Motor Acceleration and Protective Device Coordination.

Each participant is provided a computer with ETAP software loaded for use during the class time. Training will be handed by ETAP authorized representative / instructor with practical experience.

Who Should Attend?

- ETAP users and power engineers who wish to increase their skills using ETAP application to perform system studies.
- Current users seeking a refresher course.
- Knowledge of power system engineering concepts is highly recommended for those attending this workshop.

Location: ETAP Learning Center

37 Jalan Pemimpin, #07-07 MAPEX Building, Singapore 577177

Course Fee:

Singapore Dollars 2,000.00 / per person

1/. Fee does not include lodging, transportation and Singapore Government Tax.

2/. Fee include lunch & tea-break.

3/. **Course is limited to 6 participants.** So please register early!

4/. Payment in full must be received Three weeks prior to start date of course.

Date: 22 - 24, February 2022

Time: 09:30 a.m. to 16.30 p.m. daily

Professional Development Units (No. of PDUs): 18

Information / Registration:
